RA 03-001 ✓

January 8, 2003

To Whom It May Concern:

You have already received notice about the total ban on green waste and construction and demolition (C&D) debris which will be implemented at Waimanalo Gulch Sanitary Landfill on January 13, 2003. Waste Management, the landfill operating contractor, will be monitoring loads at Waimanalo Gulch, and Refuse Division employees will be monitoring loads at other City disposal sites to ensure that as much of these materials (and other banned and restricted wastes) are being recycled or disposed of appropriately.

Should one of your trucks be denied access for delivering a "contaminated" load, your driver will receive the enclosed form and/or a copy will be mailed or faxed to you. That truck will be turned away from Waimanalo Gulch, H-POWER, and City transfer stations for the length of time specified on the form.

Sincerely,
