

Kama'āina Kids

We Are Earning Cash For Picking Up Trash

April is Earth Month at Kama'āina Kids! "Cash for Trash-Opala for Kala" was created to support the mission of Kama'āina Kids and to raise the level of awareness about the importance of caring and respecting our state and its beauty. Throughout April, our 5000 keiki will learn how recycling protects the 'āina by reducing waste and pollution. Preschool kids will do a recycling program while school age children will do a statewide litter clean up on Earth Day, April 22.
