EARN & LEARN!!!

It is now even easier to reduce your carbon footprint, protect our beautiful islands AND raise money for your school! City & County HI5 recycling bins are available for Hawaii Schools to use for recycling drives. HI5 bins are a great tool to raise funds for your school and help educate the public on how easy and beneficial it is to recycle.

Your school can earn an additional \$1000.00!!!

The Lex Brodie's Tire Company Foundation will make a matching donation of up to \$1,000.00 to the Oahu school that raises the most money from a HI5 recycling drive held between March 15th, 2011 and March 16th, 2012. The second place school will receive up to \$500.00 in matching donations.

Winners will be announced in April, 2012.
